

The Department of Physics & Astronomy proudly presents

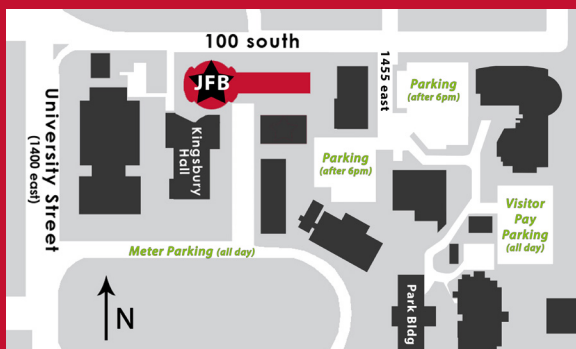

SPOTLIGHT LECTURE BY DR. GEORGE LOWE

ph Anna Piunova
www.mountain.ru

Legendary alpine climber and highly skilled scientist and engineer.

Join Dr. George Lowe for a whirlwind tour of climbing & physics: fluid mechanics, forces on bodies and with motion, the quest to balance a professional career with recreation - and come away with a profound understanding of why physics matters.

MONDAY, FEBRUARY 24, 2014

3:00 P.M.

103 JAMES FLETCHER BUILDING
