

Research Experiences for Undergraduates (REU) program in the Department of Physics & Astronomy at the University of Utah

Table below contain links to several REU websites for physics & astronomy majors across the nation. These REU programs provide round-trip travel, stipend and accommodations. Following these links provide more information to programs for summer research, including application deadline dates (please note the deadlines for the individual programs).

The 2013 REU program is coordinated by:
 Tino Nyawelo, PhD, Research Associate
 Department of Physics & Astronomy,
 Center for Science & Mathematics Education,
 University of Utah
