Text and Homework
The textbook for Summer 2010 and 2020 is College Physics 1st Ed. By Freedman, et al. There are other supplementary texts that are optional. The text (e-book) is purchased through an online homework environment called WebAssign. The bookstore will NOT be carrying any hardcopies of the text. The actual homework assignments are accessed individually by each student when they enter the WebAssign website https://www.webassign.net/utah/login.html. You must purchase the homework portion on WebAssign. The cost for the homework portion only for one semester (either 2010 or 2020) is $41.19; for the homework and e-book for one semester it is $62.44. For two semesters (2010 and 2020) the cost for the homework portion only is $69.96; for the homework and e-book for both semesters is $98.01. Payment MUST be made by credit card or Paypal account. This is explained when you first log into WebAssign. You will be given a grace period before payment must be submitted in order for you to maintain access to WebAssign.

If you would like a physical copy of the book, a quick search of the internet will produce several results to rent or purchase a new or used copy of the text. Note that the book comes in paperback or hardcover, and that there are two volumes which may be sold separately, or together. 2010 will be using volume 1 while 2020 will be using both volumes 1 and 2.
